OFFERING MEMORANDUM

**2201 ROOSEVELT ROAD | BROADVIEW,
IL 60155**

Turnkey Medical Office Building

Presented Exclusively by MoHall
Commercial & Urban Development

EXECUTIVE SUMMARY

MoHall Commercial & Urban Development is pleased to present the exclusive offering of 2201 Roosevelt Road, a highly visible, recently renovated 3,500 SF single-story medical office building in the Village of Broadview, IL. Offered at \$350,000, this asset represents a rare opportunity for medical users, owner-occupants, healthcare operators, or investors to acquire a strategically located medical office on a high-traffic corridor surrounded by strong regional healthcare demand.

The property sits just off the signalized intersection of Roosevelt Road and 25th Avenue, with an average daily traffic count exceeding 25,000 vehicles per day. Featuring both rear surface parking and ample street parking, this site is ideal for patient-driven businesses such as urgent care, dental, chiropractic, behavioral health, and more.

Situated minutes from Loyola University Medical Center, Hines VA Hospital, and Rush Oak Park Hospital, the location provides direct access to a dense referral network of providers and patients. Its proximity to I-290 and major surface streets ensures convenient access for both staff and clients, while nearby public transportation options further enhance accessibility.

With recent infrastructure updates, existing medical build-out potential, and C-1 zoning that supports a wide range of medical uses, this property is perfectly positioned for immediate occupancy or as a long-term healthcare investment play.

EXPANSION OF SUPPORTIVE HOUSING AND HEALTHCARE SERVICES

A notable development is the opening of the Broadview Legacy Apartments at 1020 Roosevelt Road by Housing Forward. This \$7.8 million project offers 16 permanent supportive housing units tailored for individuals and families exiting homelessness, including veterans and youth transitioning from foster care. The facility provides on-site support services aimed at helping residents achieve stability and independence, connecting them with healthcare, treatment, and employment resources .

This initiative is part of a broader effort to address healthcare disparities in the region. The Illinois Healthcare Transformation Collaboratives, supported by state funding, are investing in projects that enhance healthcare delivery and outcomes in underserved communities .

ECONOMIC DEVELOPMENT AND INFRASTRUCTURE IMPROVEMENTS

Broadview is also witnessing a surge in economic development. The West Regional Enterprise Zone reports multiple projects underway, including the \$15 million Broadview Senior Apartments at 2111 S. 17th Avenue and the \$1.5 million Minuteman Press facility at 2319 Roosevelt Road . These developments not only provide housing but also create employment opportunities and stimulate local businesses.

The village's commitment to infrastructure improvements, such as road and sidewalk repairs, further supports this growth. These enhancements make the area more accessible and attractive for both residents and healthcare providers.

STRATEGIC LOCATION AND ACCESSIBILITY

Broadview's strategic location offers easy access to major expressways and proximity to Chicago, making it an ideal spot for healthcare expansion. The area's connectivity facilitates the establishment of medical facilities and ensures residents can access a broad range of services.

In summary, the vicinity of 2201 Roosevelt Road is undergoing transformative growth, with significant investments in supportive housing, healthcare services, and infrastructure. These developments underscore the area's potential as a hub for medical services, addressing the growing needs of its diverse population.

REGIONAL HEALTHCARE INITIATIVES

Healthcare Transformation Capital Investment Grants: Broadview is part of a broader regional effort to transform healthcare delivery and improve health outcomes in underserved communities. Illinois Governor JB Pritzker announced \$200 million in capital improvement grants to fund projects addressing health-related social needs and reducing disparities in healthcare. These investments aim to enhance healthcare infrastructure and services across the state.
